

EAGLES DONATE — To celebrate Grand Worthy President's Night at the Albany Aerie, the local Eagles presented a check for \$1,000 to Carolyn Richards of the Children's Home Society. In the picture above, to the left is State President Everett "Shorty" Schulenberg, while in the center is Noble Curll of Albany, a State Trustee and President of the Albany Aerie of the Eagles. The grant is made through the Eagle's Jimmy Durante Fund.

Society receives \$1,000

ALBANY — On Feb. 19, President Noble Curll along with Albany Aerie No. 2323 Fraternal Order of Eagles members entertained the Grand Worthy President D. D. "Doc" Dunlap of Adrian, Mich. Accompanying him on his state tour was his wife, Delia and their daughter, Pat.

Among the Eagle dignitaries present at the dinner were: State Worthy President "Shorty" Schulenberg of Santa Monica Aerie No. 2397; State Madam President Doris Dunbar of Van Nuys Auxiliary; State Vice President Peter Giammona and his wife of San Jose Aerie; John Gilzando and his wife of Alameda Aerie; State Trustee Thelma Bos of Richmond Auxiliary; State Trustee Clive Bartlett and his wife of Moscow, Ida.

Representing the City of Albany was Councilman James Allen, Noble Curll, president of Albany Aerie, also a State Trustee.

A grant in the amount of \$1,000 was presented to Carolyn Richards who represented the Children's Home Society of Oakland. The grant is made through the Eagle's Jimmy Durante Fund in Milwaukee. Nine grants of \$1,000 each have been presented in California so far this year, one of which was proposed by Albany Aerie for the Children's Home Society.

Chairmen for the event were P.W.P. John Wiles and P.W.P. Lyle Goforth, secretary. Master of ceremonies was P.W.P. Frank Wades, all of Albany Aerie.

MAKING PLANS — The group above is making plans for the Albany YMCA day camp, one of the programs to benefit from the drawing tomorrow at the local Y for a color TV and a radio. The group, left to right, includes Bev Leahy, Shahana Sardar, Jennifer Redick, Diane Nagai, Peggy Donovan, camp counselor; Kimberly Bahmanyar, Amy Fleisig and Aaron Sengal.

Albany Y Vandals drive to end soon hit city stop signs

ALBANY — The Albany YMCA Sustaining Fund drive comes to close this month with a drawing for a 19-inch Zenith color television set and a Zenith digital clock radio. The TV (donated by Albany Television on Solano Avenue) and the radio (donated by Supreme TV on San Pablo Avenue) will be given away on March 1 at 4 p.m. at the Albany YMCA.

Fund Drive Chairman Jack Russell reports that more than half of the \$8,000 goal for the campaign has been raised. Three hundred local merchants have been contacted through volunteer workers to make contributions. Programs such as the senior citizen fitness classes, youth gymnastics, day camping, and family programs will receive support from the fund drive donations.

Workers in the 1979 YMCA Sustaining Membership Drive include: Jack Russell, Ellen Zapata, Dario Meniketti, Irene McGuire, Bob Chester, Sara Blackstock, Mike Koepke, Jim Simmons, Bob Guletz, John Ford, David Houston, Marilyn Saunders, Charles McCully, Bill Woolworth, Bill Rothschild, Lou George, Patt Dempster, Larry Saler, Clay Berling and Pamela Hunt.

Tickets for the March 1 drawing are available by visiting the Albany YMCA, 921 Kains Ave. in Albany. Proceeds from the drawing will benefit the YMCA summer day camp serving 250 children.

Tool bank now loaning in Albany

ALBANY — The City of Albany has a Tool Loan Bank, open Mondays and Fridays from 4:30 to 6:00 p.m. A wide variety of hand and power tools may be borrowed from the bank. Borrowers must be Albany residents, and the tools must be used in the borrower's home.

The tool bank is located in the Albany Corporation Yard, 507 San Gabriel. Those persons interested in borrowing or serving on the bank can call either Bob Wadsworth at 644-8542 or Don Armstrong at 644-8505.

The tool bank is part of the City's on-going Housing Conservation Program. This program is an effort to maintain and improve the quality of Albany's neighborhoods. The program includes a low interest revolving loan program and a recently started low cost Minor Home Repair Service. Persons interested in these programs should call the Department of Public Works, Housing Conservation Program, 544-8543.

Aging discussion

ALBANY — "The Challenges of Aging," a support group series that includes relaxation techniques, is free to Albany residents for fourteen sessions, beginning tomorrow from 1 to 2:30 at the Berkeley Buddhist Church, 2121 Channing Way. For questions call Ryo Imamura or Lois Trapp at 549-2303.

Gateview Concert voting earlier tomorrow evening

ALBANY — According to a letter to The Editor from Estelle Girande, voting for a new Board of Directors of the McKinley Towers Neighborhood Association is to be held by mail March 13, instead of in April as called for in the by-laws.

Ms. Girande said in her letter the management firm of B. S. D. of San Francisco has mailed out blank proxies asking the homeowners of the Gateview condominium to return signed, yet with no list of nominees for the Board of Directors. She further charges the company is wasting the council's money by making two mailings instead of one complete mailing with the names of nominees for the offices.

According to her, the present Board of Directors are taking over the management of the building and she said the members of the Board of Directors are answering telephone calls pertaining to the operation of the building.

She demands the members of the Board of Directors, Odd Haugen, Marian Abraham, Amy McKinnon, Don Scott and Sol Strand, give the homeowners due notice of meetings and gatherings that pertain to the operation of Gateview. She said there was no open meeting to select nominees for the Board of Directors and that a group of "roughly" 20 people are running the homes of 482 others.

She went on to state the Board members are "spending the money of all homeowners who have a right to know what is going on."

Conducting the Musical groups will be Ernest Douglas, district supervisor of music and high school instrumental director; high school vocal director Dusty Helsenbeck and Robert Slous, music director for the elementary and middle schools.

On hand to greet the musicians and their friends will be Marin School Principal Elizabeth Lott, Cornell School Principal Jill Rosenquist, Albany Middle School Principal Robert Shogren and Albany High School Principal James Walker.

As a finale to the program, Walker will conduct the combined groups in a short selection.

Dempster party is a smash Company presents Runyon

ALBANY — Some 150 friends of Mrs. Patricia Dempster, Albany's retiring City Clerk, attended a farewell party for her last Friday night at the Top of the Inn in the Holiday Inn, Emeryville.

With Robert Guletz acting as the master of ceremonies, the gathering of friends heard Mayor Lewis M. Howell laud Mrs. Dempster and her devotion to duty.

Guletz traced Mrs. Dempster's trail throughout her business career from the time she came to Albany as a police clerk to the present day when she is formally all through with her City duties at midnight tonight as she officially goes into retirement.

Citing the stress of her position, she said she is taking her retirement at the insistence of her doctor. She plans to be a housewife, but it felt she will be called upon for advice many times during her retirement months.

Every head of department in Albany's official family was on hand and all members of the City Council with the exception of Councilwoman Joyce Jackson and Councilman Louis George who was reported ill.

Seated at the head table were the newly named City Clerk, Mrs. Jacqueline Bulcholz and her husband, William, a former Albany Police officer; Mr. and Mrs. William Haden, City Administrator; Guletz, head of the Public Works Department; and Mrs. Dempster and her husband, Jack, and Mayor and Mrs. Howell.

Seen in the audience were Fire Chief Mike Koepke, Police Chief and Mrs. James Simmons, Commissioner Tom McQuaid, newly named head of the Civil Service Commission, Jerry Corniola and his wife, just to name a few of those attending. There were a great many members of the City Clerks Association attending the function, also, as well as the family of the City Clerk from her former marriage, the George girls and their husbands.

Seemingly with a pattern, this is the third time stop signs have been removed, knocked down or defaced in Albany, according to Robert Guletz, Director of Public Works for the City of Albany.

Citing the depredations as out-and-out vandalism, Guletz is appealing to the residents of Albany to report any tampering with the stop signs that might observe. He asked that a license number be obtained from any suspicious cars in the area so they may be checked out by the Albany police department.

Citing the cost in these days of tight budget, Guletz said each pole represents approximately \$60 per pole to replace or repair. If the entire stop sign and standard is removed or damaged beyond repair he said there is \$30 in labor, \$20 in parts and \$10 for a new sign to bring the cost to the \$60 figure.

Wrestlers in need

ALBANY — Albany High School wrestlers are looking for old furniture. Not to wrestle on, they want to use it to rehabilitate their locker room.

Six years ago, the Albany wrestlers moved into their present locker room. It was filled with stuffed chairs and couches, and was comfortable, homey. But now, the scenery has changed, and wrestlers are asking for worn out chairs, seats, or a couch.

They offer to pick it up, if one calls the high school at 525-7131, and leaves a message for Kermit Bankson or Bob Hoyle.

Discuss summer school Chairman sent note on front

ALBANY — Discussions of the operation of a "pay as you attend" Summer School is under active discussion between the City of Albany and the Albany Unified School District.

Work is being done on breaking down the costs of the program whereby a modest fee would be charged to those pupils attending the Summer classes, according to Charles E. McCully, Superintendent of Albany's schools.

According to plans, Albany city departments will collect and supervise several programs while the school system would provide teachers and the general curriculum. Plans call for the recreational programs to be under the direction of E.M. "Bud" Rooney and his Parks and Recreation department. The academic programs would be under the direction of the Board of Education and McCully and would be administered by them.

McCully asks that residents of Albany who are interested in the program provide input as the costs of the programs will be determined by the registration. He said it would be advisable to collect registration prior to the start of Summer School to assure attendance and enable the City and School District to make concrete plans for operation. The number of courses, etc., will depend upon interest shown.

Parents who are interested are asked to get in touch with the school district at its offices on Cornell Street, or to inform the Albany Park and Recreation Department.

ALBANY — At the Albany City Council meeting Monday night, Mayor Lewis M. Howell asked for an adjournment of the hearing on the formation of a Redevelopment Agency to bring about fruition of the Albany Marina.

His request for the adjournment came after Howard McNenny, chairman of the Waterfront Committee, said he was not aware of the scope of the public hearing and did not know of the proposal as set forth in a memo from William E. Haden, City Administrator, to the City Council.

Subsequently, it has developed that the large contingent of members of the Waterfront Committee at the Council meeting had been informed in a memo from McNenny, dated February 15, 1979, to attend the Council meeting.

His communication is herewith printed in full:

"NOTICE

There will be no meeting of the Waterfront Committee in February. Instead, all members are urged to attend, if possible, the Council meeting on Monday, February 26. At that meeting, there will be a public hearing concerning the setting of specific boundaries for the Redevelopment Area.

It is, naturally, advantageous for development prospects that the area defined include as much real estate as practical. It is presently proposed that the Gateway complex be included within the Redevelopment boundaries. Some concerns are likely to be voiced regarding this proposal; and I am hopeful that a good portion of our membership can be there to speak of our Committee's interest. My own feeling is that the inclusion of Gateway is the only way we can hope to make our project (or some version of it) a reality.

See you there."

ALBANY — Saturday will be the final Child Development Day, according to Kay Rabin, publicity chairman for the event.

Close on the heels of the successful Day Last Saturday at Marin School, the meeting, conferences and workshops are to be highlighted with Dr. Loren Cole on "Independent Thinking," and Miriam de Uriarte's workshop on "Art and the Learning Process." One of the featured lecturers is to be Jocelyne Nielsen, assistant professor, School of Nursing, who is to discuss "A Spectrum of Health in Children."

In the morning the program also will highlight music and community singing with both the Albany High School and Middle School bands playing for those attending the one day seminar type meeting.

The afternoon program will be highlighted by a concert by the Middle School band under the direction of Ernest Douglas, music director for Albany Unified School District.

The featured speaker for the afternoon session is Dr. Esmail Meisame, assistant professor of Neurobiology who is to use "Neurological Development in Children" as his subject.

A wide selection of workshops is to follow with a choice between Environment in the home, value of fantasy, sexual development, learning problems dealing with negative peer pressure, coping with "kids' abuse of alcohol and drugs," children's concept of death and how parents can better communicate with teachers. The workshops are to be under the direction of experienced individuals, many of whom are teachers and staff of the Albany school district.

Anyone may attend the activities and participate in any of the workshops, it was said. There is no charge for the day's events and a potluck sandwich smorgasbord is to be set up for the noon repast. There is a child care center for the small children, according to Mrs. Sara Blackstock, chairman of Child Development Day.

The program will start at 9 a.m. and conclude at 3 p.m.

Final day Saturday Boosters looking for help

ALBANY — The Albany High School Athletic Boosters Club has been, and wants to continue as a strong supporting force helping the high school athletes in their efforts.

The Boosters have been instrumental in raising thousands of dollars needed to keep the sports program alive after Prop. 13 cut it so drastically. In addition, the Boosters also present an awards night to acknowledge the accomplishments of all the teams at the end of each athletic season.

Many generous people in the community have already responded with donations to our Save Our Sports program, but active members are still needed in the club itself so that it can survive each year.

The cost is little — \$2.00 per person per year. The next meeting will be at 7:30 in Room 113 of the high school. The club welcomes anyone who is interested in sports activities to come and learn more about it.

If one would like to join by mail, please send a check, payable to the Albany High School Athletic Boosters, to Marian Hoyle c/o Albany High School, 603 Key Route, Albany.

ALBANY — Forty minutes into a public hearing on the waterfront, the City Council discovered Monday night that some city officials had not been given sufficient time to study the issue.

The Council promptly put the whole matter over until March 28, to give the city's waterfront committee a chance to discuss the \$12 million waterfront proposal made by city administrator William Haden.

The proposal calls for expanding the boundaries of Albany's redevelopment area, which would create a larger tax base and qualify the city for state financing of its marina, according to Haden.

The state Department of Navigation and Ocean Development turned down Albany's request for financing last year because the redevelopment area would not generate enough revenue to pay for the proposed waterfront construction.

Haden says his plan, which would add the Gateway area and all city property west of Interstate 80 to the redevelopment area, would provide the necessary money and enable the city to reapply for DNO assistance.

Waterfront committee chairman Howard McNenny complained, along with others, that he had just learned the details of Haden's plan that day and wanted time to discuss it with the other 14 committee members.

Mayor Lewis Howell made a motion to postpone the hearing, but received no second. Councilman Robert Luoma was absent.

The hearing continued and Haden explained the money for the waterfront project, which he predicted would take 10 years to complete, would come from taxes from new units at Gateway, and DNO and other state grants.

At the end of his proposal Haden asked the council for permission to enter into negotiations with Interstate General Corporation, the developers of Gateway, which must agree to part of the marina plan if it is to be approved.

Several members of the audience and some members of the waterfront committee asked again that the meeting be postponed, because none of them had a chance to study the plan until they saw it that day.

Councilman William Lewis Sr. found the public notice that was printed for the meeting and reported it did not contain the correct information about the waterfront issue.

"Until the public is informed, I don't know what we're going to talk about," said Howell as he asked again for a postponement of the hearing. The motion this time won unanimous approval from other council members.

Even if the council and waterfront committees give approval to Haden's plan, it faces a major obstacle: a suit filed in 1975 against the city by the Albany Landfill Corp., which charges the city with breach of contract. The city ordered the firm to cease filling operations right after signing a contract with the company.

In other actions, the council:

- Voted to postpone until March 12 a request to repeal the city ordinance prohibiting palm reading.
- Appointed three members to the committee on aging from the Albany Senior Citizens Club.
- Approved a 10-foot-wide public utility easement between Jackson and Madison streets.

ALBANY — The El Cerrito High School Actors Company will open its second production of the 1978-1979 season on March 2 with Damon Runyon's musical fable of Broadway, "Guys and Dolls". The production will play for four performances only, March 2, 3, 9, and 10.

"Guys and Dolls" is a musical comedy of New York in the early 1950's. This hilarious spoof of the mingling between gamblers and missionaries includes such favorite songs as "Luck Be A Lady" and "A Bushel and a Peck". Music and lyrics are by Frank Loesser, and the book is by Jo Swerling and Abe Burrows. "Guys and Dolls" is packed with exciting music, acting, and dancing.

El Cerrito's production will feature Jerry Gomes as Sky Masterson, the head gambler, and Susie Moretti as Sarah Brown, a mission "doll". Terry Brown will play Nathan Detroit, who owns the oldest crap game in New York, and Debbie Gansen will play his long suffering fiancée. Stage manager is Cliff Gong, and Becky Erickson is student director.

"Guys and Dolls" will play on March 2, 3, 9, and 10 at 8 p.m. in the El Cerrito High School Little Theatre, located on Ashbury and Eureka.

As a special event for opening night, El Cerrito's Food Service Lab class will offer a dinner before the theatre at 6:30 p.m. Students in this career training class will prepare and serve a gourmet meal to add to opening night festivities. Reservations for the dinner may be purchased through ECHS Cashiers Office (525-0234) and will be \$3.50.

Reserved tickets for the play are \$4.00, and general admission is \$3.00. Further information and reservations are available by calling 526-9927, or writing to ECHS Actors Company Box Office, 540 Ashbury Ave., El Cerrito, CA., 94530.

ly morning fire in a rented apartment caused an estimated \$15,000 damages to the structure and \$6,000 to the surrounding area, according to a report from the Albany Fire Department.

The intensity of the heat broke four windows in the adjoining building at 1251 Brighton and extensive water damage was suffered in the apartment below Unit 6. The entire interior of Apartment 6 was damaged and the report said nothing was salvageable.

Owner of the building is Herbert F. Layton of Berkeley. Josephine King, 900 block of Key Route, was taken to Herick Memorial Hospital last Monday when she suffered a severe nose bleed that could not be stopped, according to the Albany Fire Department ambulance log.

A report of a natural gas leak at Jackson and Buchanan brought out the fire department for an investigation last Sunday. The department could not find the source nor the odor, the report stated.

Defective wiring, as reported by the Albany fire report, called the firemen to the residence of Joseph Knoblock, 1496 1/2 Marin, last Saturday. According to the report, defective wiring in the bathroom caused a short whenever the lights were turned on. The firemen pulled the fuse to lessen the chance of a fire and advised Knoblock to contact an electrician. The building is owned by Gertrude Reich.

Thuy Thi Tran, 860 Gooding Drive, Bldg. 103, forgot to take his chicken off the stove when he left his residence last Friday with the result the fire department answered the smoke alarm in the building. Tran was boiling a chicken, but the pot went dry and barbecued the fowl to a cinder causing the smoke.

Want to earn

annually on every

you keep to write checks?

Let's talk.

Bank of America is offering the Interest/Checking Plan. Now you can earn interest on the money you normally keep for writing checks.

The Interest/Checking Plan is really a checking account with a special savings account attached. And the money you keep in it can earn a full 5% annual interest, compounded daily. At the end of each year that's one dollar interest on every twenty you've averaged as a balance throughout the year.

Actually, depending on the balance you maintain, Interest/Checking could earn you more than keeping part of your money in an S&L at 5 1/4% and part in a checking account which pays no interest. We'll be glad to show you how.

It's easy to use. With the Interest/Checking Plan we make the transfers for you automatically between checking and savings. Less trouble and time than keeping separate accounts. Plus, you get all the other conveniences of California's largest bank.

The Interest/Checking Plan may or may not be right for you. It all depends on the size of the balance you maintain. To find out, simply stop in any branch and talk it over with a New Accounts Representative. If this plan isn't for you, we offer a wide choice of other checking plans to fit your individual needs.

SEPTIC TANKS

...the f back up, smell, or need regular pumping out are not working properly. The main reason for this is the new "miracle" cleaners and bleachings that you use for laundry and dishes. They do a great job of cleaning, but, unfortunately, they also kill off the "good" bacteria in septic tanks.

These bacteria, along with their enzyme systems, are commonly called "BIO-CULTURES." They consume raw sewage as their source of food, and produce methane gas as a waste product. (It goes up the vent pipe). They also convert matter such as paper, fats, oils, etc. into liquids so they will flow freely through your septic system and out into the drain field where this liquid continues to be filtered and purified into clean water.

EXPENSIVE MAINTENANCE

These BIO-CULTURES reproduce themselves, eat sewage, grow old and die. In a properly working system, new born bacteria replace old and dying bacteria and continue the cycle; however, cleaning products often kill off bacteria faster than they can reproduce themselves. When this happens, your system breaks down, creating expensive and unpleasant plumbing jobs, and often tanks must be pumped out. There is a better and less costly way. Please read on:

INEXPENSIVE PREVENTIVE MAINTENANCE

In order to keep your system working properly, add COMPOUND 6 every 3 months. This is our own scientific BIO-CULTURE. FORMULA AND HAS BEEN USED AND RELIED ON BY MUNICIPAL SEWAGE TREATMENT PLANTS SINCE 1970. We are now making this product available to the general public for the first time. COMPOUND 6 introduces young, strong BIO-CULTURES into your system to: (1) hydrolyze-convert into soluble form-proteins; (2) to convert starches and cellulose into more readily fermentable sugars; and (3) to hydrolyze emulsified fats into fatty acids and alcohols. This protection and preventive maintenance costs you only about 8 or 9¢ per day, or about \$1.00 per year, and can save you hundreds of dollars in maintenance costs. Use only one pound every 3 months. Simply flush COMPOUND 6 down the drain. That's all there is to it!

SIX WAY ACTION

COMPOUND 6 includes: (1) a brain-type enzyme to split proteins. For example, this one ingredient will liquify approximately 4,000 times its own weight in gelatin protein; (2) a high diastatic (starch splitting) enzyme that will solubilize about 20,000 times its own weight of potato starch; (3) a high activity enzyme especially suited for hydrolysis of fatty materials; (4) to emulsify fats so that enzymes can effectively attack it, a potent fat emulsifier is present in sizable amounts; (5) Anaerobic bacteria; and (6) Aerobic bacteria.

COMPLETELY SAFE TO USE

Will not cause corrosion. Non-poisonous. C-mix in powder form. Harmless to people and animals. Order your 1 pound (3 month) supply of COMPOUND 6 today. COMPLETE SATISFACTION GUARANTEED OR YOUR MONEY WILL BE REFUNDED UPON REQUEST. Dealer inquiries invited. We need distributors.

Dear Sir:

Residents of Gateview Apts. received letters from B.S.D. Management of S.F. informing them of an election on March 13 (moved up rather quickly in light of the recent recall threat no doubt.) The BSD letter carried the interesting request that proxy votes be given to "incumbent members of the board." On the face of it, this is a dishonorable means of stealing the election in preference to conducting an open, free election with a secret ballot. Certainly this is all a questionable procedure open to unpleasant questions.

In addition, no slate of prospective board nominees was included in the letter. This means a second communication with such a compiled list (still not open to all residents in information). The first letter cost \$75 for postage plus supplies, management time, etc. etc. Now we — the homeowners — have to pay for a second letter that should have had the list in the first place. Talk about ineptness and the high cost of mediocrity and mismanagement!

No minutes of the announced board meeting of 2/13 was posted to date. Nor were there any minutes of an unannounced meeting of persons board members carefully selected to attend. Presumably these carefully selected persons were potential nominees for the board. Who selected them? Why were they asked to attend and not announced to other homeowners? Why no minutes of these two official meetings? Why no posting or announcement of the carefully stacked nomination committee members and the chairman of that committee? Why all the secrecy of roughly 20 people vs. 482 homeowners WHO HAVE A RIGHT TO KNOW????

BOARD MEMBERS HAVE A WAY OF FORGETTING THEY ARE SPENDING THE MONEY OF ALL THE HOMEOWNERS WHO HAVE A RIGHT TO KNOW WHAT IS GOING ON.

Who is taking management calls these days? The voice on the answering service is that of board members. Since when and who authorized them to do management? Surely we are overpaying BSD Management at the cost of \$1,900 monthly to do management even though they have already cut back the time from two days here on the premises to two half days. Just what are we paying for? No one has the courtesy of letting the homeowners know.

Odd Haugen, chairman, Marian Abraham, Emy McKinnon, Don Scott, and Sol Strand (the secret members) need to let the homeowners know what they are up to. It is the homeowners — ALL of us — who are paying for their bungling.

When can a minority view get published in the news-letter paid for by all the residents so that homeowners have some concept of differing views? It's a perfectly acceptable American way of life to have differing views aired. Why all the

secrecy and denial of open communication with ALL the homeowners??? Why? ESTELLE GIRANDE

Dear Sir:

Kastledom by the Bay of Albany INTERLUDE to the fortnight.

There lived in this Kastledom, knested in a kunit, a retired witch named Kestle (who was also a good friend of Queen Kary, and both having been pages for the Land of Kontra Kosta). Not only had the eons of time dulled the usual five senses common to all knaves and witches alike, but her sixth sense faulters were evident in her diatribes and holo-graphics. Because she wore not the basic black garb of her calling, but chose the more royal costume of purples, knaves were unaware of her true profession and specialization in the art of mind-boggling.

Upon the departure from the Kastledom of the Prime minister, Sir Raully the Perfect (details of which have already been told a former day), Witch Kestle decided to brew in her kettle a potion whose vapours were to conjure the return of Sir Raully. She combined nineteen evil, sordid (sic) and mysterious ingredients of her own manufacture and put them to boil. Fought there arose the vapours, the stench of which permeated all knave knits and even to a distant office of a tabloid in the Land of Albany. The minds of many, many Kastledom knaves succumbed to the madness of the vapours and their choral enchantation of "Oh bring back, bring back, bring back Sir Raully to me" was heard by one and all.

These happenings caused the Royal Council to herald an emergency assembly and they consulted the Great Book of See-see-nars from which to compound an elixir to combat this madness. Some knaves screamed for the collective butts of the Council to be booted, encouraged as they were by the presence of Witch Kestle who blew her cover of purple, while those being cured asked her to drop dead; those immune to the elixir raged on.

The Council went on to assure the rational that the newly inaugurated Prime minister, Sir Richard the Hunter, a youth pure of heart and endowed with all knowledge essential to hunting out flaws in the gut operations of the facilities within the Kastledom, would soon put the shine back upon the Towers. Be it noted that Prime minister Richard, relieved of fiscal responsibilities by Sir B. Essde, and with no taste for the mouthwash, and with the assistance of his pages, now had uninterrupted days of problem hunting and was on emergency call from sunset to sunrise.

Now, a "personal touch" being essential, real or imaginary, to some knaves (especially to those who feel the loneliness (sic) of the Towers mostly deserted by day by knaves out harvesting coin-of-the-realm, without which the Privy Purse could not be replenished), a Squire to assist Sir Richard and provide back-up to the Captain of the Royal Guards was ordained to manage the service and complaint clinic.

It is recommended to the knaves still distressed by the absence of a sleep-in-prime-minister, or with whom to compare the merits of sundry mouthwashes, that they lift the trumpet and dial outside to the Rent-a-Knight Service for solace.

The epilogue draws ever nearer.

BACK TO SCHOOL—MATCH YOUR WITS

The Albany Board of Education has adopted additional standards for high students graduating after June, 1980. The twenty-two adopted "proficiency" ing, math and writing are assessed by test items similar to the one listed below. Students and other community members can sample the new requirements by completing the item and checking the answer.

who paid school taxes for around 50 years when their children were in schools; they paid school taxes without a murmur.

The "Boys" in Sacramento kept yelling, you have to pay a use tax. I am 86 years old and have not used a school since 1910. In 1971 I paid \$275.50; in 1972 — \$344.49; 1973 — \$317.19; 1974 — \$341.35; in 1975 — \$350.90; in 1976 — \$320.83; in 1975 \$557.60, that's over \$270. My children have not attended a school since 1945 when the two youngest went to war.

The old people tried to get the school to understand, but of no avail. Then came Howard Jarvis and Gann and showed us the light, but like all laws, always hurt some people, because the people in Sacramento knew that and would have passed some legislation that would have taken the "old people" off the school tax rolls, for people over 70 who had no children using schools, this would have to happen and only people who love children using schools.

Editor Dear Sir:

The Marin School Multicultural Potluck Dinner on February 21, '79 was a successful night. The cafeteria was 90 percent full of people. This small community has an active civic spirit.

The dishes cooked according to European, Asian, or American style were appetizing. It is true that America is a melting pot. This great country is multi-cultural.

After the delicious dinner, a Javanese Dance performance was given. I was amazed by the dancers' competence; their gracious finger, hand, and body movements, were as skillful as those of native dancers. I was thrilled, because my family was born on the

very same island, Java, Indonesia.

My salute to the Marin P.T.A., Mrs. Gay Dang, Mrs. Betty Lott, the teachers and staff of Marin School, and last but not least, the parents who made this yearly Multi-cultural dinner happen.

EDITOR Dear Sir:

The path that runs through the strip park that runs underneath the BART track goes just to the west of Hill Lumber Company.

Sometime between 3 p.m. and 4:30 p.m. depending on operating schedules and the week day Hill Lumber dumps what looks like water. Since this also happens in the summer it is not a seasonal thing.

The outlet for this affluent is about 250 feet south of El Cerrito Creek. About 150 feet south of El Cerrito Creek this affluent crosses the path through the strip park and blocks it to pedestrian traffic.

This raises several questions.

- Does Hill Lumber Co. have the right to block this path?
- Is it possible to change this situation?
- Does Hill Lumber Co. have the right to dump its affluent at this place?
- Does this affluent contain anything that is dangerous to the public or the environment?

Ed Carrara top league scorer at Albany Bowl

By PHIL ALSTON

ALBANY — Ed Carrara grabbed off most of the scoring honors at Albany Bowl last week by mauling the pins for a 676 series in the 870 Commercial League and following that with 674 in the 910 Majors.

He closed his Commercial set with a 276 game that provided the margin by which Mary & Joe's defeated Blair Excavators 13-12, and his 265 opener in the Majors inspired his Rod's Coffee Shop mates to a 21 to 4 demolition of Desperation.

In the Majors, Carrara

was ably supported by Art Lane, who spiced his 672 cluster with middle game of 257 as the Coffee Shoppers ran off team games of 1072-1059-904 for 3035.

Three of the Majors' better series came in losing causes. Les Riedinger tossed a sterling 662 for O & R Vending, which nevertheless bowed to Jack's Auto Body Shop 18-7. Hal Friis shot 254-623 for Associated Coin Amusements, 16-9 losers to Diablo Bowling Supply, and Mark Valente's 240-630 still left Franklin Electronics on the short end of a 13-12 count against Merry Jax.

THE PURSE OF WINNIE Payne Flow, 1330 Kildare, Pinole, was stolen while she was at the races at Golden Gate Fields last Saturday. The reported loss was \$125 plus credit cards.

ALBANY POLICE arrested Abinder Sidhu, 2120 8th St., Berkeley, for drunken driving last Friday at San Pablo and Francisco, the police report said.

MICHAEL SHEPHERD, 19, 118 Fir St., Pinole, is free on \$3,000 bail after being arrested by Albany police last Friday. He had been observed smoking marijuana while parked in the Adhesive Products lot on Cleveland Avenue. He also was said, the report stated, to have been in possession of a large amount of "grass."

THE HOME OF BARBARA Fonville, 900 block of Cornell, was burglarized of a \$200 portable television last Friday, the police report said, after someone broke in the front door.

THE CAR OF JOHN Cook, 1000 block of Talbot, was entered during Thursday night and someone stole his AM/FM cassette, the police reports showed.

AN ACCIDENT ON SAN Pablo by El Cerrito Plaza caused severe damage to the left front door of a car belonging to Alfred Reis, 2325 Jefferson St., Berkeley, last Wednesday. He opened the driver's door just in time to have it struck by an AC bus driven by Deloris Johnson. No injuries nor citations were issued, the police report stated.

A MINOR ACCIDENT did some damage to the cars of Ruth Martinez, 936 Jackson St., and Louise Spanne, 1437 Arlington, Richmond, last Wednesday at Brighton and San Pablo.

PHYSICAL FITNESS class with Robert Goady is now accepting sign-ups.

PARKS and Recreation

The Albany Park and Recreation Department presents the following programs for the enjoyment of area residents. For further information contact the Albany Park and Recreation Department, 1000 San Pablo Ave., 644-8514.

Fees for the eight weeks are, \$12 for Baby Gym and \$14 for all other sections. Classes will meet at the Albany Community Center, 1123 8th St.

DISCO DANCE classes are tentatively scheduled to begin March 12, according to sign-ups. Pre-teens, teens and adults will receive instruction in the basic disco steps and latest dances. The cost for six weeks of instruction is \$12 for residents and \$14 for nonresidents. Sign-ups are now being taken at the Recreation Department, 644-8514.

PHYSICAL FITNESS class with Robert Goady is now accepting sign-ups.

IN THE COMMERCIAL, George Schaber shot 267-664 for Blair Excavators but was overshadowed by Carrara. More successful was Bob Gherlone, whose 656 led D & M Body Shop 15-10 over Parkway Meats.

Like Carrara but on a smaller scale, Will Warren sparked in a pair of leagues. His 622 series led

LET'S GO Fishing!
By Cap't Dave Kinley
Hi, here we are again another week gone by. It seems like just yesterday I was writing last week's column but that's how it is when you're busy.

Ocean salmon fishing has been just like the weather, up and down and good and bad. For the lucky ones, the fish are of pretty fair size, up to 15 or 20 pounds which makes a trip worthwhile even if you catch only one. Maybe the eclipse of the sun will improve things.

Ocean run redtail perch are showing in good numbers in local waters, a good bait for these is the tiny crabs you find under rocks along the shore.

Plenty of small smelt all around our area, they are excellent eating and offer action and fun. Use small hooks, size 12 or 14, and small pieces of pile worms for bait.

There is excellent freshwater fishing at many of our local reservoirs, with easy access and good success, and you don't have to drive all day to get to them. East Bay Municipal Utility District has brochures on all of them that they operate. If you are interested in this information, call East Bay Municipal Utility District, 835-3000, and ask for public information, general information brochure. The information is worthwhile, and better than I could tell you in ten columns.

Sturgeon are still going good in all the popular spots but weather has put a damper on most anglers.

Bulletin — good numbers of small bass 12 to 18 inches, showing around Brooks Island, Pt. Isabel and the race track. The bigger ones should not be far behind.

DIABLO BOWLING Supply over ACA in the Majors, and earlier in the night he shot 601 for Tri City Men.

John Suoja's 617 topped the Tri City while Tuesday Invitational had Dave Faria at 613 and Frank Chiarelli 600. For the second straight week Ian Coad turned in top numbers for the Men's Off Season Fours, this time with 22 game and 582 series.

Connie Hill's 561 series led the Majorettes ahead of Carole Smith at 556, Jan Lambert 553 and Bobbie Hayes 540. Smith provided the top game at 234.

Strong finishes by Jim Thurbon and Mike Evans highlighted Foster Freeze action. Thurbon closed out with 232 for 616 while Evans' 234 finish gave him

602. Thurbon added 597 series in the 665 Scratch.

Bob Linteo had all three games above 200 for 648 in the Junior-Senior Fours. Dave Aleo included a 264 game in his 659 for Saturday Swingers, and John Martin raced 665 Scratch with 625.

Chuck Tanksley's 241-602 topped Green Lantern, and Davis Hordos hit 235-599 to take Friday Invitational honors over Tom Sha at 592. Les Owens won the Mini Marathon tournament with all six games above 200 for a handicap total of 1396. He also won special awards for high scratch series at 1348 and high game, 246. Shirley Truitt was second with 1371 and Ron Israel of Pittsburgh third with 1367.

The morning worship hour, including the celebration of the Lord's Supper, will be at 11 a.m. Pastor

Larry R. Campbell will bring the message "Pilgrims of Faith" to this service. Nursery care will be available.

Sunday School classes for children, youths, and adults will meet from 9:30 to 10:45. Visitors are always welcome. First Baptist Church is at 1319 Solano Avenue in Albany.

ST. ALBAN'S EPISCOPAL CHURCH
Lenten observances will

begin today, with Holy Communion and the Imposition of Ashes at 7 a.m., 11:30, and 7:30 p.m. The Rev. Warren Debenham, rector, will be the celebrant.

On the first Sunday in Lent, Father Debenham will preach at both services, 8 and 10 o'clock. His sermon theme will be "Broken Arrangements." He will be the celebrant of Holy Communion, assisted

by the Rev. Robert Wilson and lay reader Nabeel Jacob. The Senior Choir, under the direction of Rita Dows, organist and choir-master, will sing the offertory anthem. Steve Lopez and George Coons will usher and Shari Gray will greet.

Trudi Herr and Hertha Hintz will host the coffee hour after the 10 o'clock service. The adult discussion group will meet with

Father Debenham in the parish library at 9 o'clock. St. Alban's Episcopal is at 1501 Washington Avenue.

THOUSAND OAKS BAPTIST CHURCH
New hymnals for use by the congregation and the choir were dedicated last Sunday.

In presenting the "Hymns for the Living Church," Ada Grace Cralle, chairperson of the selection committee said, "We

looked through scores of hymnals and found this one best suited to the contemporary church. It contains a strong selection of standard hymns and gospel songs as well as many modern selections. The scripture selections are drawn from a variety of translations and paraphrases. It should prove most useful in the continuing worship of our congregation."

Next Sunday, along with

other churches of the American Baptist Churches of the United States of America, Thousand Oaks will receive the America for Christ Offering. This offering received each March is used for the strengthening of the National Missions and educational programs of the denomination.

To mark the beginning of Lent, interim Pastor Dr. John E. Skoglund, will speak on the theme: "Let's

Look at Lent." The Last Supper will be observed

WESTBRAE BIBLE CHURCH

A continuing examination into the book of Hebrews will be undertaken by Jerome Fleischer, Sunday School teacher, at 6 p.m. at the church, 77 Hopkins in Berkeley. The final discussion in the series will take place March 23.
